

Village of Key Biscayne Police Department **NEWS RELEASE**

Lieutenant Kristina Andreu | Public Information Officer | 305-365-5555 | kandreu@kbpd.net

GOLF CART ORDINANCE

April 12, 2022, the Village of Key Biscayne Council approved a revised Golf Cart Ordinance. The police department worked in conjunction with the Village Attorney to revise Article II of Chapter 26 of the Village Code titled: **Golf Carts**. Changes to Village Ordinance 26-24 include:

- Driving without a valid driver's license
- Driving without a current Village issued permit affixed to the golf cart
- Carrying more passengers than those for which the Golf Cart was designed
- All equipment violations will be enforced by Uniform Traffic Citation under Florida State Statute.

The fine for any violation of the Village is Ordinance is \$75.00 for the first offense and \$175.00 for a second offense.

The Key Biscayne Police Department will hold an education campaign on the revised ordinance until Monday, April 25, 2022. Upon conclusion of the campaign, enforcement will begin. The department reminds all golf cart operators to drive in a safe manner and to only drive on Crandon Boulevard for the purposes of crossing an intersection or to reach the next immediate intersection. It is not permissible to drive a golf cart the length of the roadway.

The Key Biscayne Police Department encourages the safe operation of golf carts and continues to ensure a safe and secure environment for everyone in the Village.
